COMPETITION

Take part in the **#CedefopPhotoAward 2021** for a chance to win trips to the **European vocational skills week** and the **Thessaloniki Documentary Festival**.

The theme of Cedefop's photo and video competition is **Vocational education and training: your green or digital skills story**.

If you are a group of vocational education and training (VET) learners in the European Union, Norway or Iceland, share your VET story related to green or digital skills initiatives.

Story examples:

- a project learners have developed using green or digital skills;
- an initiative to save energy or resources, 'greening' the work or learning environment;
- an initiative, using digital technologies to enrich the learning process;
- a distance learning group project (where each team member contributes in the project remotely);
- a mobility experience abroad as part of VET training;
- learners show how VET has influenced their life.

RULES

This year teams of VET learners in the European Union, Norway and Iceland consisting of up to four members can participate with:

- a **photostory** of four to five photos; and/or
- a short **video clip** of up to 60 seconds.

The photostories/video clips should be accompanied by a narrative of up to 100 words.

The deadline for submission of entries is **21 November 2021** at 23:59 CET.

Entries must be submitted online via this link: <https://form.jotform.com/cedefop/cedefopphotoaward2021>
